PPL ELECTRIC UTILITIES

Ground Source Heat Pump Application Checklist

PPL Electric Utilities offers rebates for qualifying purchases for energy-saving projects installed between June 1, 2014, and May 31, 2015. Some restrictions apply. The rebate may not exceed the total project costs (not including internal labor).

All rebates listed in this application are available through May 31, 2015. Rebates that are paid per kWh saved are paid based on first-year savings. Rebate applications submitted after the deadline may be incented at a different rate.

How to Participate

1. Read the Application Checklist to determine what you will need to submit, which includes:
 - a. A pre-qualification application must be submitted and approved before you purchase equipment and materials for your project.
 - b. A completed, signed rebate application including all inventory worksheets and documentation, as appropriate for the equipment installed.
 - c. An itemized receipt or invoice with the manufacturer, model number, and purchase price of each qualifying product (for final application only).
 - d. Submit a W-9 for the PPL customer and the person or company who will receive the rebate.
2. Make a copy of all submissions for your records and e-mail, mail, or fax submission to the E-power program team.
3. If you prefer the rebate be sent to someone other than yourself, complete the Third-Party Payment Release Authorization section found in the Final Application Agreement form. Your rebate will be sent when all completed project documentation is received and verified.

FINAL APPLICATIONS LACKING PROPER DOCUMENTATION WILL NOT QUALIFY.

PRE-QUALIFICATION

Required Attachments for All Projects

- Signed Application
- Copy of PPL Electric Utilities Bill for Installation Address
- GSHP Savings Calculation Tool
- Manufacturer's Specification Sheets
- AHRI Certificate for Unit Installed

FINAL APPLICATION

Required Attachments for All Projects

- Complete Signed Application
- Copy of PPL Electric Utilities Bill for Installation Address
- W-9 Download
- Letter from IRS Verifying Tax-Exemption if Non-Profit
- GSHP Savings Calculation Tool
- Manufacturer's Specification Sheets
- AHRI Certificate for Unit Installed
- Copies of Itemized Invoices

Customer Information

Please read the [Terms and Conditions and Final Application Agreement](#) before signing and submitting this application. Complete all information and provide required documentation to avoid processing delays.

Customer Information

Business Name _____

Project Name (If Applicable) _____

PPL Electric Utilities Account Number _____ Taxpayer ID (SSN/FEIN) _____

Installation Address _____

City _____ State _____ Zip _____

Please indicate the dollar amount of other (non-PPL) rebates you may receive for this purchase.

This information does not change the amount of your E-power rebate. _____

Customer Contact

First Name _____ Last Name _____

Title _____ Phone # _____ Ext. _____

Mailing Address _____

Ground Source Heat Pump Worksheet

for Government, Non-Profit and Institutional Customers

In addition to this worksheet, an AHRI certificate indicating the system efficiency (EER, SEER, HSPF, COP, kW/ton-IPLV, COP-IPLV, etc.) is required. A manufacturer's specification sheet is requested.

Ground Source Heat Pump ≤ 5.4 tons

This measure applies to Ground Source Heat Pumps ≤ 5.4 tons installed in a retrofit application for a Government, Non-profit or Institutional customer.

The rebate amount is \$300 per ton.

Ground Source Heat Pumps coupled with non-heat pump systems such as chillers, rooftop AC units, boilers, or cooling towers are not eligible but may qualify for rebates through the Custom Incentive Program.

Ground Source Heat Pump ≤ 5.4 tons

Manufacturer	Make/Model	Tons	Rebate/Ton	Total Rebate
			\$300	

Previous Equipment

Manufacturer	Make/Model	Year Instated	Tonnage	SEER	HSPF	Fuel Type

Is natural gas available at this facility? Yes No

Is this replacing a natural gas fired heating system? Yes No

- a. Quantity of ground loop pumps _____
- b. HP of each ground loop pump _____
- c. Efficiency of each ground loop pump _____
- d. Ground loop pump motor specifications _____
 - d1. Number of poles _____
 - d2. Speed RPM _____

Final Application Agreement

I have read and understand the program requirements, measure specifications, and E-power rebates [Terms and Conditions](#) and [Final Application Agreement](#) set forth in this application (collectively, the “Requirements”) and agree to abide by the Requirements. Furthermore, I concur that I must meet all eligibility criteria in order to be paid under this program.

For final applications, sign and submit only after all equipment is installed and operational. A customer signature is required for payment. Signed applications received by fax or email will be treated the same as original applications received by mail.

Total Project Cost	Total Rebate Requested ¹	Actual Installation Date
_____	_____	_____

PPL Electric Utilities Account # _____

¹Rebate amount will pay the lesser of 1) The calculated rebate as approved or 2) 100% of the project cost.

Third-Party Payment Release Authorization

Third-Party Payment Release Authorization (optional)

Complete this section **ONLY** if rebate payment should be paid to an entity other than the PPL customer listed on the Customer Information page. Third-party payment requires a W-9 of the payee. The rebate will be sent to the name and address as it appears on the W-9. Contact E-power Solutions for additional payment considerations.

Company _____ Attention _____

Mailing Address _____

City _____ State _____ Zip _____

Email _____ Phone # _____ Ext. _____

Tax Status _____ Taxpayer ID# (SSN/FEIN of Payee) _____

I authorize this rebate payment to the third party named above and understand that I will not be receiving the rebate payment check from PPL Electric Utilities. I also understand that my release of payment to the third party does not exempt me from the rebate requirements outlined in the application.
